

Charts & Scenery

Charts

You can find **current IFR charts** for Frankfurt/Main on [chartfox](#) (requires VATSIM login).

You can find **current VFR charts** for Frankfurt/Main in the [AIP VFR](#).

For a better overview over the airspace structure around Frankfurt, we recommend [openflightmaps](#).

Sceneries

We highly recommend using up to date scenery. There are **many layout changes that have recently taken place** - or are still taking place - at Frankfurt/Main. ATC is usually aware of these changes, but will work under the **assumption that everyone is using an up to date scenery**. Please inform ATC immediately if you are unable to comply with an instruction due to an outdated scenery.

Sim	Freeware	Payware
MSFS	flightsim.to (GSX profile)	-
X-Plane	X-Plane Default Scenery	Aerosoft
Prepare3D V4/V5	-	Aerosoft

If you are using MSFS, **we recommend using the virtualFRA freeware scenery linked in the table above** as it uses the most current airport layout. Both the MSFS Standard and Deluxe edition versions of the airport use an **outdated layout**.
